

Are You Getting The Best Quality?

December 7, 2020

Dear Valued Client,

We are finally nearing the end of a crazy year and we are looking forward to the new year ahead. We are also looking forward to being able to continue providing you quality cleaning and fiber protecting services. We wanted to let you know of a few things to be aware of for 2021. After much thought and consideration, beginning January 1, 2021, our minimum charges will be increasing as well as some of our rates. We are happy to go over those during your quotes. If you would like to get work done under our current pricing schedule to save you some money please call our office before the end of the month at 850-453-5544 to get on our schedule. We thank you for your understanding and look forward to continuing working with you all in the future.

Sincerely,

David Nixon
